

Pre-Start Warning System

Application

Designed to suit both existing (retro-fit) and new conveyor installations, Bramco's Pre-Start Warning System (PSWS) is a completely flexible solution that complies with Australian Standards 1755 and 2380.

Features:

- Stand-alone Alarms with visual and audible indication
- PSWS Trigger Relay
- Continuous PSWS Test and Fault Identification
- Powerful dual alarm sirens for extra sound
- Battery and/or mains powered
- Easy installation for existing (retro-fit) and new installations
- Complete flexibility when integrated into Bramco's Conveyor Management System (CCMS)
- Approved for use in Hazardous and gaseous atmospheres
- Status information via LED indication for PSW healthy, PSW fault, PSW running
- Removes the need for external power supplies at each location
- Ease of installation via din-rail or foot mount
- Stand-alone or used with existing conveyor management systems
- Mines department approved

Specifications:

- Power supply 240V and 110Vac
- 50/60Hz
- Voltage Tolerances -30% to +20%
- Dual Sounders I.S Battery Operated.
